On the front of the house, there is a yard, approx. 50 sqm, with three to four outdoor parking spaces. It is possible to use the business premises as a garage.

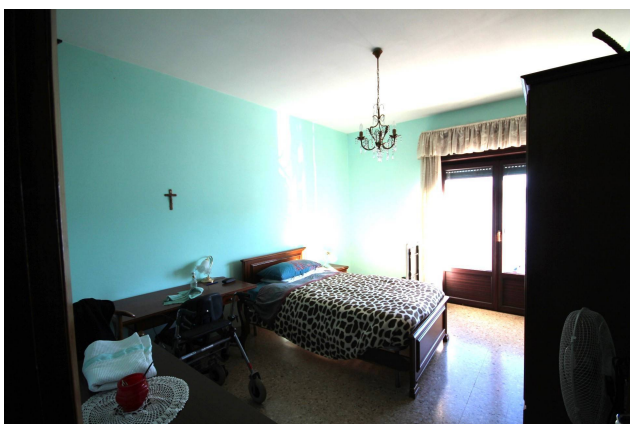

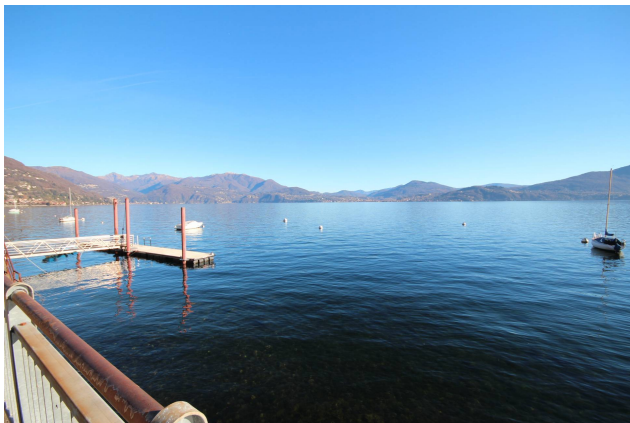

To the rear of the house, there is a private courtyard, measuring approx. 120 sqm, with a storage room and a small green area of approx. 50 sqm.

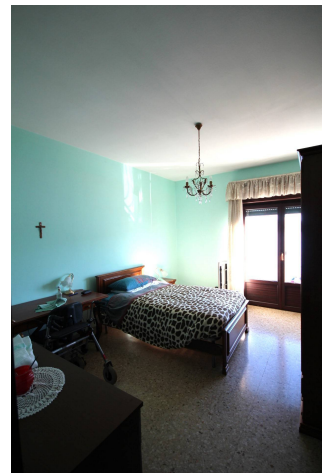

The property has a double entrance, both from the lake side and from the courtyard.

The wood-coloured pvc and double-glazed windows and doors have recently been replaced. Methane gas heating is available on the ground floor and on the first floor.

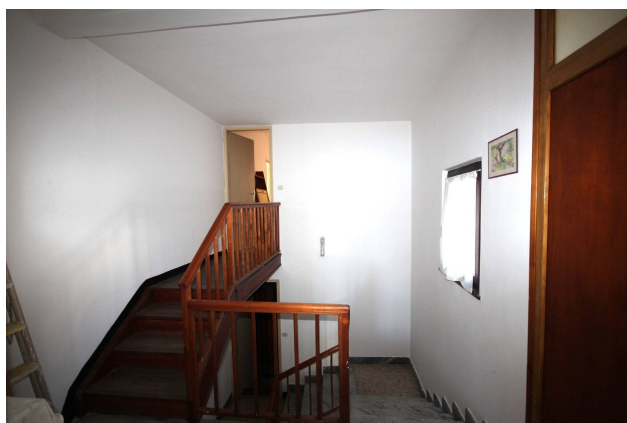

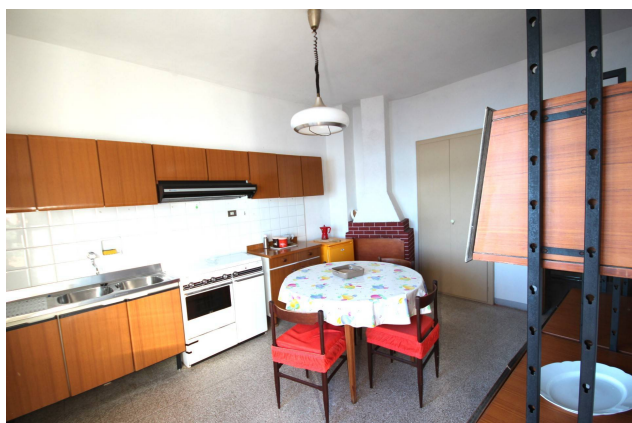

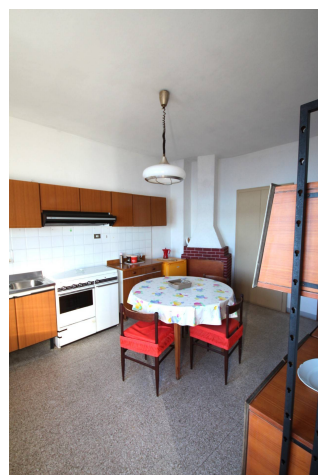

The property is in good condition but needs aesthetic improvements.

Thanks to the generous space, the garden, the lake view and the numerous parking spaces, this property is ideal as a single dwelling.
